

California Information Sharing Disclosure

California Civil Code Sections 1798.115(c), 1798.130(a)(5)(c), 1798.130(c), and 1798.140 indicate that organizations should disclose whether the following categories of personal information are collected, transferred for “valuable consideration,” or transferred for an organization’s “business purpose” (as those terms are defined under California law). The table below indicates the categories of personal information we collect and transfer in a variety of contexts. Please note that because this list is comprehensive, it may refer to types of information that we collect and share about people other than yourself – for instance, we collect different information about our employees than we do our commercial partners and customers. If you have questions about what information we collect about you, please contact us at belden.privacy.com or 1-800-BELDEN1 (1-800-235-3367).
